

Capability Statement

Bluegrass LED Lighting, LLC is a small business enterprise that distributes LED lighting and other related products. We go to market with Revolution Technologies LED products and specialize in working with commercial companies and government agencies to reduce energy and maintenance expenses. All of the LED lamps and fixtures manufactured by our supplier are designed to reduce energy costs a minimum of 50%, are rated for up to 120,000 hours and are backed by a manufacturer's warranty of up to ten years.

Bluegrass LED's Strengths:

We separate ourselves from the competition through our contractual agreement with RVLT. Unlike our competitors, who feature an expansive line card and know very little about the company and the products they represent, Bluegrass LED only represents RVLT and their brands. This strategy has allowed us to work in tandem with RVLT and its sales, marketing and technical support staff to deliver excellent product knowledge, competitive pricing, and support to our customers.

Our services include:

- ✓ Lighting Audits
- ✓ Photometric/Lighting Layouts
- ✓ ROI Analysis
- ✓ Access to our 11,000 sq. ft. Showroom-300 Products on Display
- ✓ Case Studies
- ✓ Technical Support

RVLT Products Feature:

- ✓ Minimum 50% Energy Saving
- ✓ Zero Maintenance
- ✓ Improved Light Quality
- ✓ Low Operating Costs
- ✓ Instant On-Off
- ✓ Durability
- ✓ Environment Friendly-No Mercury, No Lead, No UV Emission
- ✓ Over 300 SKU's
- ✓ Energy Star, DLC Listings
